with mountain guide

This beautiful hike is on the paths at the foot of Piz Galin, the mountain above Andalo.

Itinerary

We reach Molveno with the bus, from there we then take the cable car up to the **Rifugio La Montanara** (cable car + chairlift), where you can enjoy a spectacular **view of the Brenta Dolomites**. The hike begins there: we first walk through the 'Prati Imperiali', a path with no significant differences in altitude. As we walk along the route, you can admire the local flora.

Once we reach **Malga Dagnola** we enjoy our packed lunch in a quiet and relaxing atmosphere. Then from there begins the descent through the woods back to the hotel.

We look forward to seeing you soon for this pleasant excursion to discover our territory! Book your place at the reception desk.

 **Meeting point: every Friday at 8:15 a.m. at the hotel reception desk**
